### STANDARD REQUIREMENTS FOR A GENERATOR

1. The Committee does **not** review structural design; this is only a standard architectural and/or aesthetic requirement.
2. We require that you add landscaping if the generator is placed in the side yard so it will not be visible from the front of the home. You may need to place a concrete pad under the Generator to support it. Please refer to the Standard Requirements for a Patio, located under Architectural Control Committee Standards on our website at [www.dsirealestate.com](http://www.dsirealestate.com).
3. It is **your responsibility** to contact the municipality in which you live in to ensure the installation will be in compliance with the municipality codes and ordinances. Committee approval does not supersede the need for any municipal approvals or permits. **A building and zoning permit may be required prior to the installation.**

### NOTICE GIVEN TO OWNERS

1. Owner(s) hereby acknowledge they are familiar with the Declaration of Protective Covenants, Conditions and Restrictions (the "Restrictions"), as well as, Amendments to the Declaration of Protective Covenants, Conditions and Restrictions ("Amendments"), if any, of the neighborhood.
2. Owner(s) hereby acknowledge and agree to honor all deadlines, if any, for completion of improvements referenced herein as established by the Architectural Control Committee (the "Committee").
3. Owner(s) agree to store construction materials on the above referenced property only, and will bear the cost of repairing any damages caused to any such other areas for non-compliance.
4. Owner(s) agree to remove all unused materials from public view within seven (7) days following the completion of any work.
5. Owners agree to construct improvements as approved by the Committee and submit any changes prior to construction.
6. Nothing contained herein shall be construed to represent those alterations to lots or buildings in accordance with these plans shall not violate any of the provision of the Building and Zoning Codes established by the municipality, to which the property is subject to as well as any applicable easements on the property. Further, nothing contained herein shall be construed as a waiver or modification of said Restrictions.
7. Nothing contained herein shall be construed to represent those improvements, as approved by the Committee, are buildable.
8. Where required, appropriate building permits shall be obtained for the municipality prior to construction. Nothing contained herein shall be construed as a waiver of said requirement.
9. Owner(s) agrees and grants express permission to the Committee to enter on the Owner's property at a reasonable time to inspect the project, during and after construction.
10. Owner(s) is made aware that any approval is contingent upon the completion of the alteration in a workmanlike manner and in accordance with the approved plan and specification of said alterations.
11. Owner(s) is made aware that any alterations not approved by the Committee will result in a written notification from the Committee and Owner(s) agree to bring the property back into compliance within a specified time as determined by the Committee. Further, Owner(s) are aware and agree that any legal expenses associated therewith will be the sole responsibility of the Owner(s).
