#### H) Original Resolutions & New Business

Q: What is the plan to ensure we have lawn care service prior to the end of May this year?

A: We have requested bids from vendors already and will hopefully get them back timely so the Board can decide.

# Q: What is the plan to ensure we have lawn care service performed more than once every 2-3 weeks this year?

A: The vendor is to be out to mow once a week, but this is dependent on weather conditions. The vendor last year did not provide services up to DSI's standards and will likely not be part of the bidding process this year.

Q: What is the plan to ensure that sprinkler systems for the association are turned on before the end of July this year? What is the plan to ensure the sprinkler systems are repaired in a timely manner if they were to break again this year?

A: Last year due to the drought, parts for repairs were delayed. Then vendor got to our irrigation system as soon as they could, they were at the expense of part delivery.

# Q: Would you consider DSI's performance related to lawn care and maintenance in 2023 up to standard?

We contract with third party vendors for the maintenance needs of the neighborhood and do our best to ensure they do the work they agreed to. Last year, no, maintenance was not up to our expectations.

Q: How do you justify accounting for 40% of the association's budget between management fees and ACC management fees if this is the service level you are going to provide?

A: The Board hired DSI to manage the HOA and ACC. A management company is required to assist in management of the neighborhood, per the CCR's.

Q: Please outline the procedure for grass cutting and addressing landscape plantings. Is there a follow-up to the quality of the work? As most of the bushes and perennials were planted 15+ years ago, many areas need pruning and/or replacement. In a budget of \$8,000 for landscape maintenance, I don't see attention being given to most areas.

A: Please reach out to <a href="mailto:hoa@dsirealestate.com">hoa@dsirealestate.com</a>, with the areas you are referring to, and we will ensure the landscape bids include these areas for the upcoming season.

- Homeowners requested the park sign be addressed do to an invasive species
- Owner will be sending in images of an area on Grove Street that could use additional attention from the landscaping vendor.

Q: Weeding and landscape care was not completed prior to the end of the school year, at least by the sign near the bike path off Hawthorn. It was completely overgrown.

A: The vendor missed this sign bed at the beginning of the season, the HOA was not charged for maintenance of this area.

Q: Are there any immediate plans for expansion/development to the neighborhood?

A: The Meadow Crossing neighborhood is completed. Any additional construction surrounding the neighborhood is not part of the association.

#### I) Adjournment

a. Note Time of Adjournment; 6:57 pm

DSI values your feedback! A 5-question survey was sent out via Survey Monkey after the meeting, we would love to hear how we are doing and how we can improve!
